

# School of Social Work

FACULTY OF ARTS

The UBC School of Social Work acknowledges that we are located on the traditional, ancestral, and unceded territory of the xʷməθkʷəjəm (Musqueam) people. The School logo designed by Ray Sims, a member of the Musqueam Nation, depicts Raven transforming into a human child. Raven is seen to be the most magical of all beings with the ability to shapeshift into anything at will. The most frequent form Raven takes is that of a human. Through adventures, Raven creates much of what we have around us. Humans learn much and acquire much knowledge of life and living through learning the orals associated with Raven's adventures and misadventures, for Raven intentionally, as well as inadvertently, has created much by making mistakes.

*School Vision: Building upon a foundation of social justice and an ethic of care, we are a community of learners actively engaged in the development of critical, transformative knowledge for social work practice.*

## BSW Mission

The Bachelor of Social Work (BSW) program addresses issues of power and discrimination based on age, race, gender, sexual orientation, class and culture. The educational objective of the BSW curriculum is to provide students with the knowledge, values and skills necessary for an initial level of professional practice, focusing on the interface between personal problems and public issues. Critical thinking and structural analysis are central to the learning experience offered by the School and to the promotion of social justice and human well-being.

## Course Description

The purpose of SOWK 415 is to build on the learning in SOWK 315 and to enhance the development of theoretical knowledge and applied skills, values, and ethics at the macro, mezzo and micro levels, which are expected of a beginning social work practitioner. Students will be placed in a wide range of organizations delivering such services as health care, family and child welfare, addiction, and others. Students will conclude the practicum with the demonstration of competencies necessary for generalist social work practice.

## Learning Outcomes

The 9 core learning objectives for students found in the Canadian Association of Social Work Education (CASWE) Council on Accreditation Standards (page 10) form the basis for evaluation in all programs. Specifics will vary according to the student's program (third year or fourth year BSW, MSW), personal identified learning goals, specific placement and agency, within the 9 areas highlighted below.

1. Identify as a professional social worker and adopt a value perspective of the social work profession.
2. Adhere to social work values and ethics in professional practice.
3. Promote human rights and social justice.
4. Support and enhance diversity by addressing structural sources of inequity.
5. Employ critical thinking in professional practice.
6. Engage in research.

7. Participate in policy analysis and development.
8. Engage in organizational and societal systems change through professional practice.
9. Engage with individuals, families, groups and communities through professional practice.

## Course Evaluation

Students will post the specific learning objectives and evidence of achievement within the above framework on the Intern Placement Tracking platform (IPT) within four weeks of starting practicum. These form the basis for evaluation throughout the practicum experience and may vary over time. Any assignment for the practicum should be negotiated between the field instructor and the student.

Evaluations of learning objectives and evidence of achievement are completed formally by the field instructor and student twice during the practicum – the Midterm Practice Performance Evaluation and the Final Practice Performance Evaluation. The field instructor and the student will complete the Midterm Performance Evaluation form before completing approximately one-half the hours of the placement and 'sign' the form, which will then be reviewed and signed by the faculty liaison. The Final Performance Evaluation Form will similarly be completed within one week of completing the required hours. The hours tally sheet should be completed daily and 'signed' at the completion of the practicum, by the student, the field instructor, and the faculty liaison.

The faculty liaison will visit the site a minimum of two times during the practicum. The specific times are mutually negotiated, but usually two of the practicum's beginning, middle, and end.

SOWK 415 is graded as a Pass or Fail. The faculty liaison assigns the standing, taking into consideration the field instructor's evaluation and recommendation. A grade will only be submitted when all assignments, evaluations and hours tally sheets have been signed off by the student, the field instructor, and the faculty liaison.

## Course Schedule and Attendance

The required field component for Practicum 2, SOWK 415, is 378 hours minimum. Practicum days are Mondays to Thursdays, Term 2, starting the first week of classes following holiday break. Students can negotiate to increase hours over reading break in February.

Full and consistent attendance is required in practicum based on the agency's hours and the required number of hours per day as set and as negotiated with the field instructor.

## COVID-19 and Illness

**If you are sick, you must stay home and notify your Field Instructor and Faculty Liaison.**

**Please make sure you know and respect your placement's COVID-19 protocols.**

Students are allowed one day per term for illness without a make-up requirement. If additional leave time is required, both the faculty liaison and field instructor must be notified and hours

made up. All parties must agree to a make-up arrangement for a deadline extension, including a new deadline. Time taken off for personal reasons must be approved by the field instructor and faculty liaison, and no credit for hours will be received.

## SCHOOL/COURSE POLICIES

### University Policies

**Support:** UBC provides resources to support student learning and to maintain healthy lifestyles but recognizes that sometimes crises arise and so there are additional resources to access including those for survivors of sexual violence. UBC values respect for the person and ideas of all members of the academic community. Harassment and discrimination are not tolerated nor is suppression of academic freedom. UBC provides appropriate accommodation for students with disabilities and for religious observances. UBC values academic honesty and students are expected to acknowledge the ideas generated by others and to uphold the highest academic standards in all of their actions.

Details of the policies and how to access support are available at:

### Support

During the term, I will do my best to offer support if I am concerned about your academic performance or wellbeing. I also encourage you to contact me or your academic advisor if you need assistance. In addition, I may identify concerns using the UBC Early Alert system which provides students with the earliest possible connection to resources like academic advising, financial advising, counseling, or other support services to help you get back on track. Any information transmitted through early alert is treated as confidential (see [earlyalert.ubc.ca](http://earlyalert.ubc.ca)).
