

# School of Social Work

FACULTY OF ARTS

The UBC School of Social Work acknowledges that we are located on the traditional, ancestral, and unceded territory of the xʷməθkʷəy̓əm (Musqueam) people. The School logo designed by Ray Sims, a member of the Musqueam Nation, depicts Raven transforming into a human child. Raven is seen to be the most magical of all beings with the ability to shapeshift into anything at will. The most frequent form Raven takes is that of a human. Through adventures, Raven creates much of what we have around us. Humans learn much and acquire much knowledge of life and living through learning the orals associated with Raven's adventures and misadventures, for Raven intentionally, as well as inadvertently, has created much by making mistakes.

*School Vision: Building upon a foundation of social justice and an ethic of care, we are a community of learners actively engaged in the development of critical, transformative knowledge for social work practice.*

## MSW Mission

The MSW program offers an accessible, advanced professional degree focused on social work practice in the fields of child and family welfare, health and social care, and international and social development, using a social justice lens. The purpose of this MSW program is to prepare our graduates to be competent social work professionals, equipped with state-of-the-art knowledge and skills, a critical analytic lens, and a social justice orientation.

## Prerequisite and/or Corequisite

SOWK 560C is a required course and open only to students accepted into the School of Social Work. It runs concurrently with SOWK 559.

## Course Description

The purpose of SOWK 560 is to develop the competencies necessary for generalist social work practice, including the theoretical knowledge, applied skills, values and ethics expected at a foundation level of professional training.

## Learning Outcomes

The opportunities available to the student will vary according to the student's program (Advanced MSW) and personal identified learning goals, specific placement and agency, within the 9 areas highlighted below. These areas match the competency requirements for social work programs and are found in the CASWE Council on Accreditation Standards.

1. Identify as a professional social worker and adopt a value perspective of the social work profession.
2. Adhere to social work values and ethics in professional practice.
3. Promote human rights and social justice.
4. Support and enhance diversity by addressing structural sources of inequity.
5. Employ critical thinking in professional practice.
6. Engage in research.
7. Participate in policy analysis and development.
8. Engage in organizational and societal systems change through professional practice.
9. Engage with individuals, families, groups and communities through professional practice.

## Course Evaluation

Students will complete the specific learning objectives and evidence of achievement within the above framework on the Intern Placement Tracking platform (IPT) within two weeks of starting practicum. These form the basis for evaluation throughout the practicum experience. Assignments of work in practicum to meet the objectives will be made by the practicum supervisor.

Evaluations of learning objectives and evidence of achievement are completed formally by the field instructor and student twice during the practicum – the Midterm Practice Performance Evaluation and the Final Practice Performance Evaluation. The field supervisor and student will complete the Midterm Performance Evaluation form prior to the completion of 225 hours and 'sign' the form, which will then be reviewed and signed by the faculty liaison. The Final Performance Evaluation Form will similarly be completed within one week of the completion of the required hours. The hours tally sheet should be completed daily, and 'signed' at the completion of practicum by the student, the field instructor and the faculty liaison.

The faculty liaison will meet with the student and the field instructor a minimum of two times during the practicum, the specific times mutually negotiated, at the beginning and middle of the practicum.

Final meetings will be scheduled on an as needed basis.

SOWK 560 is graded as a Pass or Fail. The faculty liaison assigns the standing, taking into consideration the field instructor's evaluation and recommendation. A grade will only be submitted when all assignments, evaluations and hours tally sheets have been signed off by the student and the field instructor.

## Course Schedule and Attendance

UBC School of Social Work requires MSW students to complete 450 hours for their MSW placement to meet the requirement of the Canadian Association for Social Work Education (CASWE) of 450 hours of practicum for the MSW degree. The UBC School of Social Work wants students to have a robust field learning experience and therefore we are aiming for students to complete the full 450 hours unless prevented from doing so by public health issues related to COVID-19. Please plan to complete 450 hours in your practicum unless otherwise discussed with your Faculty Liaison. Full and consistent attendance is required in practicum based on the hours the agency is open, and the required number of hours per day as set and as negotiated with the field instructor.

Practicum days are Tuesdays, Wednesdays Thursdays and Friday.

Students are allowed one day leave for illness without a make-up requirement. In this circumstance, the student must notify the Field Instructor, or designate, as soon as possible. If further leave time is required, both the Faculty Liaison and the Field Instructor must be notified. For an extension of deadline, the student must obtain a Medical certificate, and all parties must agree to a make-up arrangement, including a new deadline. Time taken off for personal reasons must be approved by the Field Instructor and field liaison and no credit for hours will be received.
